Tire Conservation Day, Saturday, Sept. 6.

We have arranged to have a tire expert from the Goodyear Tire and Rubber Co., to be with us on this day. He will show how tires are made, and methods of combatting all kind of tire trouble that motorist experience. We feel that our local motorist are entitled to know how they can avoid the disappointment that comes from putting away tires that have not attained their full mileage, and we are expecting that Tire Conservation Day at our place will result in an increase of thousands of miles of tire performance. We are anxious to have you know how to secure more service from your tires. Come and ask all the questions you can and learn all you can. Its Tire Conservation Day for the benefit of our local car owners. Remember the day and come. Your tire difficulties will be given strict attention. Yours for better tire service.

"THE SPICE OF LIFE"

No one can live out a well rounded, healthful, normal life without variety. "The spice of life" is necessary, for without it existence is flat, stale and profitless indeed.

Music possesses infinite variety. It plays upon the emotions; it changes, with the quickness of thought itself, sorrow to joy, tears to laughter; it fans into flame in an instant the fires of patriotism; it brings the solace of religion, the exaltation of Divine Communion.

And so music, and music alone, may truly be said to be "the spice of life."

When you have in your home

The New Edison

"The Phonograph with a Soul"

your life will be seasoned with all the variety the great realm of music has to offer.

BIG AUCTION SALE

Fine Sumner County Farm

500 ACRES! 500 ACRES!

MONDAY, SEPTEMBER 8th, 2:30 P. M.

Five Miles From Gallatin and just off Gallatin Pike and Interurban, on Station Camp Creek.

We are now surveying and subdividing and will offer for sale the fine farm and home of Mr. and Mrs. W. S. Jones, better known as the Mrs. Mae E. Kelly farm, containing about 500 acres, and known as one of the best improved and prettiest homes in Sumner County.

This farm has about 325 acres deep, rich first and second bottoms, that can be cultivated with tractors, and is in a high state of cultivation, having been in wheat, clover and meadows for 8 or 10 years; in fact, we believe this farm has the finest corn crop between Nashville and Gallatin, and will make from 1,250 to 1,500 barrels of corn this year, regardless of the severe drought in Sumner County. The balance of this farm is gently rolling upland, in fine bluegrass and timber, and most of this is fine Burley tobacco land.

The improvements consist of a splendid 10-room, 2-story brick residence, with large front and back porches, concrete walks and beautiful lawn; it has a big new stock barn just completed, 50x90 feet, two other large stock and dairy barns and silos, tenant houses, and a big water plant just installed furnishes fresh running water the year round at residences, barns and all fields and pastures; in fact, this is one of the best equipped stock and grain farms in the state, having a pike frontage of over 1 1/2 miles, adjoining railroad station, convenient to Nashville Interurban station, high schools, churches, etc., and in one of the best communities in the state.

The farm will be sold in three tracts of about 125, 150 and 225 acres, then as a whole, and plan giving best result will be a sale, each tract having fine bottom land, a nice building site and long pike frontage, each and every one a splendid farm and home. Such an opportunity to buy a farm and home like this, located like this, at any price, much less at the high dollar.

NOW LISTEN. The owner has given us written instructions to sell and sell for the high dollar regardless of price—so the bridle is off and the farm will sell absolutely without reserve. We make the terms—You make the price.

Terms—One-fourth cash; balance 1, 2, 3, 4, 5 and 6 years.

For further information and to be shown the farm, phone, write or call on Mr. W. S. Jones, owner, on the farm, or
